SUMMARY

Undergraduate student in Information Science and Engineering with strong interest in software development and web technologies. Skilled in programming, databases, and building practical projects using modern frameworks. Eager to learn, adaptable, and motivated to apply technical knowledge to solve real-world problems.

EDUCATION

B.E. in Information Science and Engineering (ISE), Canara Engineering College *2023 – Present*
CGPA: 8.33 (current)
Higher Secondary, Dr. A.V. Baliga College of Arts & Science, Kumta *2021 – 2023*

TECHNICAL SKILLS

- **Languages:** C, Java, JavaScript
- **Web:** HTML, CSS, React.js, Node.js, Express.js
- **Database:** MongoDB
- **Tools:** Git, Postman, VS Code, Eclipse, Figma
- **Core CS:** Data Structures & Algorithms, OOP, DBMS, Operating Systems

PROJECTS

- **Task Manager** — MERN stack project for creating, updating, deleting, and categorizing tasks.
- **Weather Web App** — Responsive application that displays real-time weather data using external APIs.
- **E-Commerce Website (Ongoing)** — Full-stack platform with product listings, shopping cart, and secure check-out.

CERTIFICATIONS & ACHIEVEMENTS

- Microsoft Azure Basics
- Introduction to MongoDB (by MongoDB)
- Programming in Java (NPTEL, IIT Kharagpur) — Silver Badge
- Error Expedition (College Coding Event) — 1st Place
- HTML, Java, C, JavaScript, MERN Stack, AI Essentials
- Introduction to Cyber Security

STRENGTHS

- Critical Thinking
- Problem Solving & Decision Making
- Adaptability & Quick Learner
- Creativity & Innovation

LANGUAGES

Kannada (Native), English, Hindi
